Feedback from Workshops & Online Survey Draft Tapuika Environmental Management Plan

Tapuika E.M.P.

What is it and what will it do?

The Tapuika Environmental Management Plan is a strategic planning document that enables Tapuika to voice – in relation to the natural environment:

- What we value
- What concerns us
- What outcomes we would like to see

It will:

- be our collective statement of issues, aspirations and projects over the next five years
- guide Tapuika-led environmental projects
- enable more effective participation in Resource Management Act processes
- ensure that we are proactive, instead of reactive
- outline how we expect Councils, consultants and resource consent applicants to consult with us

What will it contain?

• Issues of significance to Tapuika (5 topics):

Water	Land	Coast	Air	People
<ul style="list-style-type: none"> • Rivers • Aquifers • Geothermal • Coastal • Quantity & Quality 	<ul style="list-style-type: none"> • Earthworks • Maori Land Development • Cultural Heritage • Commercial Redress 	<ul style="list-style-type: none"> • Development e.g. Te Iunu • Access • Fisheries • Coastal Activities e.g. sand extraction, structures 	<ul style="list-style-type: none"> • Climate Change • Air Pollution • Discharges to Air (especially near marae, kohanga reo) 	<ul style="list-style-type: none"> • Relationships • Participation • Capacity Building • Re-connecting people with the environment • Community Awareness

Tapuika Environmental Management Plan:
